### DETAILED ACTION

This application being examined (SN 10/697,291) is a continuation of Patent Application Serial Number 10/337,999, filed January 8, 2003, now U.S. Patent No. 6,757,240, which is a continuation of Patent Application Serial Number 09/347,388, filed July 6, 1999, now U.S. Patent No. 6,529,471.

#### *Terminal Disclaimer*

The terminal disclaimer filed on March 1, 2005 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of US Patent No. 6,757,240 has been reviewed and is accepted. The terminal disclaimer has been recorded.

#### *Claim Rejections - 35 USC § 112*

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-7 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Amended claim 1 (line 8) and amended claim 4 (line 8), recite “ a transport unit to ***control*** the recording/reading unit.” Emphasis in bold italics added.

It is known, however, as disclosed in the Applicants' disclosure, that the purpose of the “transport unit” is to transport the recording/reading unit.”

Art Unit: 2652

Thus the claim language is inconsistent with the Applicants' disclosure and does not point out and distinctly claim the subject matter as disclosed by the Applicants.

In order to obviate the inconsistency, the claims should be amended to read -- a transport unit to transport the recording/reading unit--.

### ***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
